

CACI facials are a non-invasive aesthetic treatment that have been known to deliver dramatic results without the need for surgical interventions. Dubbed the ‘non-surgical facelift’, celebrities such as Jennifer Lopez, Kim Kardashian and Linda Evangelista are huge fans - whilst some have even bought their own machine for use at home. Every now and again a beauty hack will appear and become the new ‘It’ trend - which often disappears as quickly as it became popular. CACI facials however have been around for over 20 years and now the red-carpet secret is more accessible than ever.

CACI’s is a Non-Surgical Facial Toning, an advanced non-invasive facial, with twenty years medical research behind it. Micro-current impulses will lift and tone the facial muscles and the neck area, whilst improving skin elasticity and reducing the appearance of fine lines and wrinkles. This gives a more youthful, fresh appearance and glow. Ultrasonic peeling is used to exfoliate leaving a brighter, smoother complexion. LED light therapy will then lift and tone the face and neck, CACI’s unique Wrinkle Comb targets fine lines and wrinkles. After a course of treatments you can expect to see a more youthful, lifted and toned appearance with glowing, healthy skin.
