FACIAL TREATMENTS

Facial is a treatment for the face & skin. There are many different types that can include steam, exfoliation, extraction, creams, lotions, facial masks, peels, massage and machines. Great for general skin health as well as for specific skin conditions, firming, lifting and toning.

We offer manual facials just using therapists hands on techniques. Mechanical facials using specific equipment for the treatment.

Express Facial

BODY TREATMENTS

Our face tends to be given all the focus when it comes to skincare. Yet the skin on our bodies can often be just as in need of a little TLC. Whether that's in the form of treatments for back acne, a sun damaged décolletage or age-spotted hands. We offer a variety of indulgent in-clinic body treatments to relax and indulge the senses while delivering visible results.

Hand Rejuvenation

A conditioning and restorative youth enhancing treatment for the hands. Finely ground bamboo particles and comprehensive acids eliminate dryness to promote a smoother, softer appearance. A protective glove of vitamin C and sunscreen leaves hands glowing with youthful vitality.

Foot Rejuvenation

A results-driven conditioning and restorative treatment for the feet. Finely ground bamboo particles and comprehensive acids work in synergy to banish dry skin and cracked heels. The soles of the feet are re-invigorated with vitamins and hyaluronic acid for a smoothed skin finish.

Purifying Back Ritual

A comprehensive back treatment to brighten and add clarity. Powerful exfoliation and natural clays work in harmony to reveal smoother, clearer skin. Targeted deep tissue massage techniques deliver an intense blend of lavender and petitgrain essential oils to dissolve muscle tension and ease the mind.

Skin Rejuvenating Ritual

A complete top to toe treatment experience, nurturing body polish using finely ground bamboo particles with a blend of essential oils to stimulate body circulation and hydroxy acids to exfoliate the surface layers of the skin, followed by a 30 minute anti-aging or purifying massage leaving your body and skin soft, supple, revitalised and invigorated.
